IECA 
International Erosion Control Association
AUSTRALASIA

IECA

ENVIRONMENTAL EXCELLENCE AWARDS

2025

Since their inception in 1995, the Australasian Chapter of the International Erosion Control Association (IECA Aust) awards have aimed to raise the standards of the erosion and sediment control industry by celebrating innovation and outstanding achievement.

They...

- Encourage and recognise high quality and innovation
- Create an informed forum for debate on trends and standards
- Promote greater government and public support for the benefits and values of the industry.

IECA is a group that serves as a global resource for environmental education and exchange of information. The IECA leads and unifies those people worldwide who share a common responsibility for the prevention and control of soil erosion and its by-product, sediment pollution.

These awards will showcase the significant achievements of the winners. They can benefit your organisation by...

- promoting it as among the very best
- instilling pride in your staff who see their accomplishments on display
- enabling your colleagues and competitors to evaluate and recognise your achievements against contemporary benchmarks of excellence
- building prestige and an enhanced profile in the market and community
- encouraging excellence and innovation right across the industry

Nominations for Sustained Contributor
Close** Friday 20th June 2025

Detailed Submissions Invited
Monday 14th July 2025

Detailed Submissions Close
Friday 15th August 2025

Finalists Announced
Monday 15th September 2025

Winners Announced
Winners will be announced at the 2025 Australasia Chapter Conference 22nd to 24th October 2025 in Melbourne, Australia

AWARD CATEGORIES & CRITERIA

AWARD FOR ENVIRONMENTAL EXCELLENCE

For a Project or operation valued at: <\$10M or > \$10M

EXCELLENCE IN EDUCATION, OR INNOVATION TO THE EROSION AND SEDIMENT CONTROL INDUSTRY

For an individual or organisation

SUSTAINED CONTRIBUTOR

For an individual who has provided distinguished service to the erosion and sediment control industry for a sustained period of time.

IECA (Australasia) awards are judged on criteria that reflect quality, skill and environmental benefits. Regardless of whether you work for a company with one employee or one hundred; whether you do five projects a year or fifty; or, whether you have recently started in the erosion control industry or have been in the industry since dirt became a four letter word, we encourage your participation in this recognition program.

Further information and entry forms can be found on the IECA Aust website: www.austieca.com.au

Who Can Enter?

- Entries are open to IECA members and non-members alike.
- Nominations will be accepted from Australasian institutions, organisations, individuals or teams that have made a significant contribution in Australasia or abroad.
- Non-Australasian institutions, organisations, individuals or teams are also welcome to nominate, where their work has made a significant contribution in Australasia.

ENTRY SUBMISSION

Expression of interest

Complete the Expression of Interest (EOI) form and submit to the office of IECA Australasia by Friday 20th June 2025. The EOI form can be found on the IECA Australasia website www.austieca.com.au or contact the Chapter office: Ph: +61 2 4677 0901, E: admin@austieca.com.au

Detailed submission

If your EOI is successful, the office of IECA Australasia will invite you to submit a detailed entry of your EOI. Following is the information you will need to include.

Award for Environmental Excellence:

Information to Include:

- Summary of the entry description in abstract form with a maximum of 400 words (1 page). This may be used for media releases and award publications
- Describe the location, beginning, respective milestones and completion dates (as applicable) for the entry. List the major parties involved with the entry. Summarize the sequence and dates of activities.
- Describe the distinctive features, special accomplishments, difficult challenges and other unique aspects of the entry.
- Describe the quantifiable benefits the entry has contributed to the environment, the community and the erosion control industry and your company/organization.
- Attach any verifiable documents to support your submission. This could include, but not be limited to: NATA accredited lab results, peer review, written letters of support from industry.
- Name and describe the person(s) who would receive the award. Include company/affiliation, mailing address, phone, and e-mail.
- List three referees who were directly involved with the entry. Please include name, company/affiliation, address, phone, e-mail and their position or role associated with the entry.
- Provide 3 high resolution photos that have approval to be used for media and promotional purposes.

Please note, entries will be judged on the following criteria, as applicable to the selected Award category and the respective weighting allocated:

1. Current IECA Member - Weighting 5%
2. Completeness and clarity - Weighting of 5%.
3. Demonstrated success of entry in improving land, air or water quality through the application of erosion and sediment control technologies and/or programs - Weighting of 30%
4. Use of innovative approaches that maximise performance - Weighting of 20%.
5. Description of methodology, scientific design, and effectiveness - Weighting of 5%.
6. Demonstration of tangible and quantifiable improvements in cost control while reducing off site effects as a result of the practices implemented - Weighting of 5%.
7. Ability of entry to serve as a model for similar efforts and outline a potential strategy to ensure successful implementation - Weighting of 20%.
8. Contribution of individual, organisation or technological development to the advancement of the erosion control industry - Weighting of 10%.

ENTRY SUBMISSION

Excellence for Innovation and or Education to the Erosion and Sediment Control Industry:

Information to Include:

- Summary of the entry description in abstract form with a maximum of 400 words (1 page). This may be used for media releases and award publications.
- Describe the location, beginning, respective milestones and completion dates (as applicable) for the entry. List the major parties involved with the entry. Summarize the sequence and dates of activities.
- Describe the distinctive features, special accomplishments, difficult challenges and other unique aspects of the entry.
- Describe the quantifiable benefits the entry has contributed to the environment, the community and the erosion control industry and your company/organization.
- Attach any verifiable documents to support your submission. This could include, but not be limited to: NATA accredited lab results, peer review, written letters of support from industry.
- Name and describe the person(s) who would receive the award. Include company/affiliation, mailing address, phone, and e-mail.
- List three referees who were directly involved with the entry. Please include name, company/affiliation, address, phone, e-mail and their position or role associated with the entry.

Please note, entries will be judged on the following criteria, as applicable to the selected Award category and the respective weighting allocated:

1. Current IECA Member - Weighting 5%
2. Completeness and clarity - Weighting of 5%.
3. Demonstrated success of entry in improving land, air or water quality through the application of erosion and sediment control technologies and/or programs - Weighting of 30%
4. Use of innovative approaches that maximise performance - Weighting of 20%.
5. Description of methodology, scientific design, and effectiveness - Weighting of 5%.
6. Demonstration of tangible and quantifiable improvements in cost control while reducing off site effects as a result of the practices implemented - Weighting of 5%.
7. Ability of entry to serve as a model for similar efforts and outline a potential strategy to ensure successful implementation - Weighting of 20%.
8. Contribution of individual, organisation or technological development to the advancement of the erosion control industry - Weighting of 10%.

ENTRY SUBMISSION

Nomination for the IECA Australasia Environmental Excellence Awards Sustained Contributor:

Complete the Expression of Interest (EOI) form and submit to the office of IECA Australasia by Friday, 20th June 2025. The EOI form can be found on the IECA Australasia website www.austieca.com.au or contact the Chapter office: Ph: +61 2 4677 0901, E: admin@austieca.com.au

The Sustained Contributor Award recognises someone who has provided distinguished service and has made outstanding contributions to improve the erosion and sediment control industry for a sustained period of time. Winners of this award will have demonstrated leadership by example through a significant and long-term contribution to the erosion and sediment control industry and to IECA through one or more of the following: education, government involvement, research, establishment of standards or policies or the development of technology.

Mandatory Content

- Describe the individual's exceptional service and leadership to IECA and their contribution(s) to improve the erosion and sediment control industry. This could include details such as current employment, professional accomplishments, personal accomplishments, professional involvement and community service.
- Include two (2) professional referees from individuals knowledgeable about the nominee. References cannot be from family members of the nominee. Awards committee representatives may contact referees during the review process.

Optional Content

- The nominator may include optional content highlighting the attributes of the individual to supplement the mandatory content. The optional content is the nominator's opportunity to "make the case" for the nomination proposal for the award.
- Provide 3 high resolution photos that have approval to be used for media and promotional purposes

Please note, the following will be taken into consideration when assessing nominations:

1. Does the individual demonstrate leadership by example? Weighting of 30%
2. Is the individual known for his/her leadership contributions to IECA and the erosion and sediment control profession? Weighting of 40%
3. Is the individual known for his/her technical, policy and/or administrative contributions to IECA and the erosion and sediment control profession? Weighting of 30%

ENTRY FEES

Please note there is no entry fee to submit an EOI.
